Ravi	Tamil	0761352484
Saranga	English	0772091597

Disasters and damages that occur owing to the severity of the climatic and weather changes through natural calamities are in the increase.

Damages and loss to lives and properties could be minimized through paying more attention towards preparedness, minimizing and prior warnings in disaster risk management. By that, the amounts spent on disaster restoration efforts could be used for country's development.

National and international institutions that are engaged in the field of Disaster Risk Management have jointly organized to hold an International Symposium from 16.03.2020 to 18.03.2020 in Colombo.

Simultaneously, an all island drawing competition will be conducted jointly by the Disaster Management Centre and the Ministry of Education to improve the knowledge and understanding of the students regarding the disaster management process and to get the contribution of the students towards disaster management process.

Themes for the Drawing Competition

- ◆ Human activities leading to disasters
 - ◆ Actions to be taken for the prevention of disasters
 - ◆ Experiences at times of disaster
 - ◆ Minimizing the disaster risks for a safe community
- Create your drawing under the above said themes and use a suitable title
